

2020-2021 Principal Assurance - Regular Public Schools

Community involvement is important to the Utah Legislature. It is important to the legislature that patrons know about opportunities to serve on their school community council and that elections are held properly. To assure election processes and other requirements are implemented consistent with the law and state board rule, the legislature is requiring that every principal complete this assurance prior to receiving funds from the School LAND Trust Program for the 2021-2022 school year.
